From the Artistic Director

The Sheldon College Winter Brass School is an opportunity for developing brass students to share and engage their love for music with other students, mentors and peers who also share their passion. The Winter Brass School will be focused on developing the musicianship and technique of the students, while also continuing to nurture their enjoyment of music through tutorials, master classes, rehearsals and concerts.

The Winter Brass School will be facilitated and run in conjunction with Sheldon College and esteemed local brass quintet BoB – Best of Brass. BoB are based in Brisbane and are Ensemble in Residence at Queensland Conservatorium Griffith University. They have commissioned and arranged pivotal works for brass quintet and are a diverse group of musicians which draw upon many different genres to create their unique sound.

My vision for the Winter Brass School is to encourage the students to feel passionate about the art of brass performance and repertoire, and to instil confidence in all students involved. I would like to thank Sheldon College and BoB – Best of Brass for their support and eagerness in making such an important program possible for young brass artists.

Looking forward to seeing you there!
